QUESTION: 41

Your prospect said. "We don't have the resources or expertise in IT to implement this solution". How would you overcome the objection?

- A. Show value/cost of doing nothing. Start small, show immediate value, then grow. Use trial to demonstrate ease and value.
- B. Limited IT skills are required to install and maintain IBM Cognos Express. In addition. Partners can help with building trusted data and initial applications, the system can be owned and operated by a technical business user. Offer partner demos or a partner led try and buy.
- C. Look at total cost of ownership (entitlements, IT installation, configuration and programming)
- D. If the prospect has only a few OLAP cubes, there is a reasonable case to be made to migrate to ICAS (IBM Cognos TM1) as it is a highly rated OLAP server. If they have many heterogeneous OLAP sources, this may be a better fit for the enterprise solution.
